With every home improvement project GH will give school supplies to a child in need, that strive hard for education, for their future...

As many as 1.7 million Filipino children in the 7-12 age group are out of school, mostly coming from the poorest provinces, school supplies, snacks, lunch, and other materials are beyond the financial capabilities of the poor, " says UNESCO Philippines. ""Although public elementary education is free, school-related expenses like school supplies and transportation remains to be a burden.
